I understand that the camp speed limit is 10 mph, including bikes. I understand that I am responsible for the security of my bike. It is recommended that my bike is locked up when not in use. I understand that I must only ride my bike on roads in camp, and will not ride on the grass or trails. I understand that I will not let anyone else ride my bike. I will not have any passengers on my bike while I am riding it. I will properly wear a bike helmet at all times while riding. I will not ride in the dark unless I have both front and rear lights on my bike.
